Small enough to care, big enough to deliver. We support companies of any size on their way into the cloud and their digital transformation process.

CLOUDPILOTS Software & Consulting GmbH is a Google Premier Partner with offices in Cologne, Vienna and Zurich. CLOUDPILOTS offers professional Cloud Computing consultation for companies and organizations and supports decisions for the right cloud service with the biggest benefit for users and the best options to integrate in existing systems. Hundreds of Google Cloud Platform and Google Workspace Customers trust in CLOUDPILOTS as a competent partner - successful migrations and set-ups are our daily business.

Also, change management together with ongoing trainings are an integral part of our service, so that the change to Google Workspace will be a huge success. CLOUDPILOTS is a subsidiary company of TIMETOACT GROUP, that has 8 brands of software and consulting companies under one roof. TIMETOACT GROUP has about 600 employees on 13 sites in Germany, Austria and Switzerland. The CLOUDPILOTS team consists of well qualified experts and certified cloud architects with years of experience in:

- Google Cloud Platform
- Chatbots & ML with AI
- Cloud Infrastructure
- Google Workspace
- CRMs
- Ticketing Systems
- and much more

Together with our partners from Google, Meister, Txture, apigee and freshworks we offer a carefree package in matters of cloud transformation, collaboration, modern workplace and digital office.
